

CLOSE IN THE SAFETY AND CONVENIENCE OF YOUR HOME.

Chicago Title Agency's remote signing solution delivers all the benefits of an in-person closing experience from the convenience and safety of your home.

Your closing is important to us and the professionals who have helped you get this far. By combining an online signing session, a licensed notary, and a quick exchange of the closing documents, we will provide a safe and convenient closing experience that is personal to you. Best of all, your real estate agent, lender, attorney or other professionals that have helped you in the transaction will be there every step of the way.

IN THREE SIMPLE STEPS YOU WILL:

Step 1: Receive a Closing Package

A complete closing package will be sent to you prior to the remote signing session.

Step 2: Sign Documents via Online Session

A notary will present the closing documents to you during a live webinar session. Once signed, you will place the documents in a sealed envelope that we provide. Your real estate agent, lender, attorney or other professional who has helped you in the transaction may participate in the mobile signing session to create a highly engaged experience.

Step 3: Give the Closing Package to Us

At a time and location convenient to you, a notary will meet you to sign just a few documents in your presence (but respecting social distancing) and collect any funds or additional documents required for the closing. In less than three minutes and with no back and forth paperwork, our experienced notary will gather from you everything needed for the closing.

To get started, send your request to your lender, agent or escrow officer.
